FOREWORD

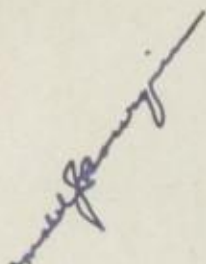

There's an old saying that it takes all kinds of people to make the world. How true this is here at FHS. We have all kinds of personalities—from the ridiculous to the sublime.

These individuals with diverse interests require a variety of courses and activities. To meet these requirements our high school has an amplitude of clubs, sports, music and scholastic activities.

Within the covers of this issue of the **Red and Black** we have tried to present the pictorial versions of activities of our Alma Mater. The 1946 staff has attempted to add as much humor as possible to animate certain sections.

We wish to express our deepest gratitude to the members of the faculty, our photographers and printers who have so generously aided us in publishing this, the 1946 **Red and Black**.

Richerd Good, Editor

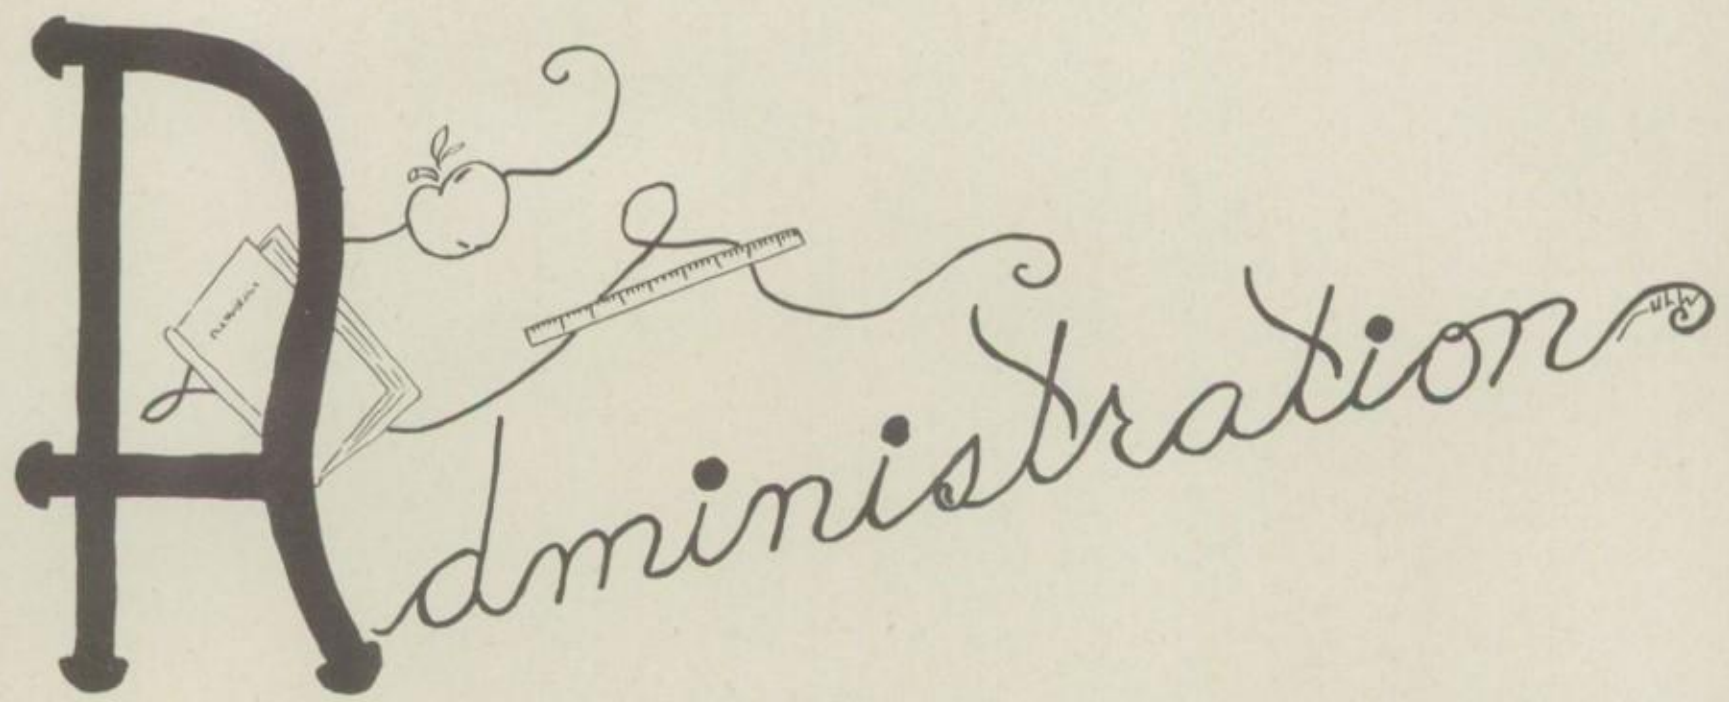

DEDICATION

For her high sense of trusteeship, the use of her inheritance for the welfare of her students, her endeavor to pattern useful lives by constructing visions nothing can erase, her humor, her mellow wisdom, and her many services rendered to this high school and community, we, the class of nineteen hundred and forty-six, dedicate this yearbook to Mabel J. Bourquin.

R Administration

The title 'R Administration' is written in a decorative calligraphic style. The letter 'R' is large and bold, with a thick stroke. The word 'Administration' is written in a flowing, cursive script that extends from the right side of the 'R'. The 'R' is decorated with several small illustrations: a book with the word 'Administration' written on its cover, an apple with a small stem and leaf, and a ruler. A decorative flourish connects the apple to the ruler. The entire title is set against a plain, light-colored background.

Mrs. Mary Chamberlain

As you, the members of this year's graduating class approach Commencement, it is, we feel sure, with mixed emotions about the past, the present, and the future.

No doubt you feel proud of a task well done. We hope there is a feeling of appreciation for the opportunities offered you by the community, for securing an education designed to equip you to assume harder tasks and greater responsibilities.

You will face new and important problems after graduation. We are sure these problems will be met and solved with the same determination and earnestness that you have used in finding solutions to your high school problems.

Congratulations to you on the task just completed and much success to you in all your future endeavors.

H. L. Ford,
Superintendent of Schools

PRINCIPAL

MR. W. M. HAWK

University of Cincinnati, M.A.
University of Cincinnati, A.B.

I consider it a special privilege and an honor to address these few words to you. It has been a pleasure to know you and to work with you for the few short years of your high school career. You are stepping out on a new adventure. The faculty and myself will follow your achievements with pride and joy as we see you put to work the attitudes, ideals, and skills achieved while with us.

The peace and prosperity of the future are your challenge. The leadership developed through American educational institutions is one of our riches. This leadership you must rebuild in this era or the war just ended will be lost. We are convinced that the leadership which was evidenced by this class will be equal to this challenge.

W. M. Hawk, Principal

Secretary

Miss Ruth Balsat

M. J. Bourquin

MISS MABEL J. BOURQUIN

In the room next to the principal's office is a woman that every student knows, Miss Mabel J. Bourquin, senior dean of girls. She is the guiding light that makes the true path of life evident to every girl under her guidance. Kind, yet very firm, she makes one realize that the niceties of life are necessary to everyday living. In her the growing young woman finds that certain something which inspires the qualities of a real lady. Her criticism involves her special type of humor that no one can equal. In all the capacities in which she serves us, she is truly an inspiration. To every student she presents an everlasting symbol of good faith.

MISS VERA EGER

On the third floor of the east wing one finds an instructor who also serves in many other capacities; she is Miss Vera Eger, junior dean of girls. The girls of the junior high find in her the friend they need when troubles come their way. Whenever one finds a project of Junior Red Cross, one also finds this certain lady behind it. To her is given the task of acclimating the very young ladies of the building to the customs of our high school. Miss Eger, in all her interests, deserves the highest praise of her students. She always finds time to listen to her girls' problems.

MR. W. W. NIXON

Down in the basement there is a certain person who knows everyone, and all the students know him; he is Mr. W. W. Nixon, senior dean of boys. When a fellow has his troubles, and he has to have some advice, that is the person to whom he goes. He is always just chuck full of good solutions for those trivial matters that somehow get under one's skin. When one wonders about anything concerning sports around the school, Mr. Nixon can answer your questions. He is the faculty manager of athletics and vitally interested in what "his boys" are doing in the way of sports. Mr. Nixon is a good sport, and we couldn't get along without him.

MR. THOMAS E. BENDER

In a small room squeezed between two larger rooms on the second floor in the west wing is a fellow the Junior High boys know quite well. He is Mr. Thomas Bender, junior dean of boys. Besides being the one elected to reprimand the younger fellows—when they need it—he is our football coach. For being such a little person he surely has the pep and go that makes the world go 'round. Whenever the student body gets a dull streak and needs pepping up, Bender is the man to do it. Mr. Bender is a very capable person, and we are proud to have him with us.

PROCESSIONAL

With diplomas in our hands,
We leave this place of learning . . .
What the future holds for us
We will bravely meet.
With faith to match our vision
We will go somewhere;
Anywhere,
Provided it be forward.

—Richard Lenhart

AVE ATQUE VALE

To these hallowed halls of learning
And the books of ancient lore—
The desks with carved initials
Of those who went before —
To gossip in the locker rooms
And laughter in the hall—
Parties and formals in the spring,
Initiations in the fall—
Classes cut for assemblies,
Dances that followed the games—
To teachers, ever willing
To help us reach our aims—
To these, and other memories
Too numerous to tell,
We close our book of school days
And bid our sad farewell.

JUNIORS

CLASS OF 47

We point with pride to the Junior class of Fostoria High School. This outstanding group has shown increasingly steady progress.

This year the Class of '47 has had more and bigger responsibilities than they had ever had before.

To begin with, the Juniors have been affiliated with a great many of the activities around our school. They have taken active parts in nearly every one of the many organizations of Fostoria High.

The Junior class play was a very worthwhile production performed by this class. It showed evidence of much hard study and a lot of dramatic ability.

Upon them, the task of planning and presenting the Junior-Senior Prom was placed. This difficult job was carried out in a very efficient manner.

The Junior class has been active in all kinds of sports. A splendid performance by each of the Junior players helped carry our teams through many occasions.

In music and art, also, this class has talent. The students have had leading parts in the operetta, and their artistic ability has been praised by many.

This class has shown that next year the difficult problems that will be facing the students as seniors will be met in a capable way by this group.

This Class of '48 has taken another great stride forward during the past school year. They have assumed their places as students of Senior High with the confidence and capability of well-informed students.

In virtually every Senior High project, one finds that this group is very well represented. In the fields of sports, music, and dramatics, as well as in the scholastic field, this sophomore class has played an extremely important part.

The Class of '48 has shown the rest of us that they really do possess the ability and initiative to handle the many responsibilities that will be placed upon them next year as Juniors. Some of these responsibilities will be the Junior Class play, the Junior-Senior prom, and a number of other extra-curricular activities. We know that these will all be carried out in the same efficient manner that the sophomores have always shown.

Successfully preparing themselves for their long-awaited entry into Senior High, the up-and-coming freshmen of this year, have definitely proved their ability and eagerness to handle numerous new responsibilities that will be placed upon them during their next school years.

The students of the Class of '49 have taken the leading posts in the Junior High clubs. They have also been outstanding participants in the sports, music, and dramatic fields. As Freshmen they have had to assume the honorable position of big brothers and sisters to the seventh and eighth graders. They have performed this duty very successfully.

The courage, leadership, and cooperation that the Freshmen have shown during the past year will, without doubt, prove to be an extremely valuable asset in their many Senior High activities.

Class of '46 Holds Reunion!

Old Faithfuls Get Together

The Class of 1946 held a class reunion yesterday, May 20, 1960, at the Cummings' estate north of this city. All the early arrivers enjoyed swimming in the diamond-studded pool which was designed by Jack Schwab, one of the world's leading architects.

All but three members of the Class of '46 were present. Regrets were received from Richard Good who was covering the Olympics for his newspaper GOOD'S DAILY GRIPES. Coach Bob Sheets was unable to attend the reunion since one of his athletes was entered in the Olympic games. Bob Lucius is hoping to cop the world's record for the mile run.

Beverly Flechtner arrived just in time for the program by flying in from Arabia in her new helicopter. She has currently been conducting a survey among the natives of Arabia.

Entertainment for the reunion was provided by Marilyn Longfellow who is starred at the Silver Star Nite Club in Miami, Florida. Sally Lundberg directed her two hundred voice choir in three vocal arrangements. The songs were written especially for the occasion by Keith Wetherill, the famous Broadway song writer.

Dotty Taylor entertained with her new water ballet. She is the leader, directress and star of this underwater ballet. Gladys Freet accompanied by Eileen Fruth sang two songs beautifully. Miss Fruth has been the arranger of the musical programs that Margaret Dible, also of the class of '46, has been presenting over the radio.

Doloris Earlie, social worker in the Hawaiian Islands, and Barbara Jones, social worker in Mexico City, gave short talks on some of their experiences.

Richard Muter, Baptist preacher, offered thanks before the dinner was served. Milk and ice cream was supplied by Don France from his Wisconsin Dairy Farm.

All the guests had a splendid time and were sad to leave the beautiful estate of Jack Cummings.

SECRETARIES COME TO SCHOOL

Joanne Sprout and Joanne Huffman who have been secretaries for a number of years have opened a school for girls who have had shorthand, typing, and bookkeeping work and want to be efficient private secretaries. There will be a nominal fee charged for the services. Classes will be held in the Professional Building.

Writing Book

Jeannine Lane who is writing a book "Things Not Needed in American History" and secretary, Virginia Maurer, will go to Philadelphia for further research. They will visit Alice Hottenstein who is assistant librarian at the Philadelphia Public Library.

HAIR SWEEPS

Donna Dull and Thelma Pickett have just returned from Paris. They have been consulting with leading hair stylists from all over the world on new hair styles. In their shop in Chicago they have been satisfying customers with their styles and up to date designs for prettier hair arrangements.

Explains Theory of Evolution

Elton Steinman was graduated from Massachusetts Institute of Technology last week with honors and will lead a discussion of "Steinman's Theory of Evolution" next week in Fostoria's new Municipal Hall.

SCIENTIST FLIES HOME

The eminent physicist, Dr. Charles Koester, flew to Fostoria to attend the reunion of the class of '46. He is at the present time teaching in Oxford University. As you recall he was awarded a Rhodes Scholarship for his work in the field of science. His secretary, Audrey Statler, accompanied him to this city.

FASHION DESIGNER

Norma Jane McKay, who is doing fashion designing in Hollywood, has sent word to friends here that she will arrive in Fostoria next week for a short visit with friends. Miss McKay has been doing fashion designing since her graduation. Virginia Elsea, her assistant, collects information on the most popular styles of the week and sends her reports to Hollywood.

Change of Management

Lois Slaughterbeck is the new manager of the Blue Goose Shoe Store. She is a graduate of the Class of '46 and has had previous experience in shoe fitting. She is replacing June Mergenthaler who was the former manager. Miss Mergenthaler is being transferred to the Blue Goose Shoe Store in Bowling Green, where she will study merchandising. Miss Slaughterbeck announces that Marilyn Herrig will remain as store secretary.

Traveler To Be Here!

Word has been received by friends in Fostoria that Phyllis Brink will return to town from her latest tour of the world. She has been living in Cuba for the last three years. Betty Burkhart who accompanies her on her trips as private secretary also takes notes for Miss Brink's new book. Naomi Speelman accompanies them on their trips in an advisory capacity.

Dr. Smalldose Employs Receptionist

Joanne Brickles has been employed as the new receptionist for Dr. Smalldose. Virginia Pritchard is the laboratory technician in this office and Mildred Trausch is the office secretary. Dr. Smalldose has completely redecorated his offices and is now ready for practice.

Unusual Window Designs

Alvernus Hutchins and Garlyn Rader have received state recognition for their unusual window designs. Evelyn Lind, author of the book "How to Be a Success," was the judge of the contest. The winners will receive a free trip to New York.

To Confer

Dean Dillery, noted aeronautical engineer and inventor of the new combination flying ship which is guaranteed to float, fly, and sink, and Lt. Jack Brubaker will confer sometime in the near future. Lt. Brubaker has been in the Army for the last ten years and has spent most of his time studying conditions at the U. S. Training Center, Juneau, Alaska. Confering with them will be Lt. Bob Peyton and Lt. Roy McClellan of the U. S. Navy. These two men have seen service in Pacific Fleet Offices at Tokyo Bay. The men will discuss conditions of the Armed Forces.

TOUR WORLD

Lt. Comm. Jack Watts and Lt. Comm. Harvey Bentley will leave in August on the U.S.S. Fostoria. This ship will stop at ports throughout the world and will not be back in the States for two years.

TEACHES KINDERGARTEN

Pat Gary is teaching kindergarten in Nursery Rhyme School in Fostoria. She has the daughters of Pat Shirk and Bette Jo Shirk. Deloris Kopf's and Betty Henry's sons are also enrolled in the kindergarten under Miss Gary's supervision. Latest educational advantages are offered in this school. Jean Groves, noted educational authority, supervises the entire workings of the school.

Accepts New Job

The noted chemist, DeWitte Barton, has accepted a position at the new laboratories S.T.I.N.K. at P.U. New York. His secretaries, Helen Balsat and Helene Balsat, have been of invaluable service to him in the past and will accompany him to Fostoria. Doris Moots, his typist, arranges all new plans to be sent to the Department of Commerce.

BANKER RETURNS TO FOSTORIA

The prominent Wall Street financier and banker, Bill Hall, is visiting Fostoria over the holidays. He is accompanied by his private secretary, Pat Post. Mr. Hall owns a chain of banks throughout the United States, including the Hall National Bank in Fostoria. His personal secretary, Betty Niday, informs us that he is planning to make his home in Fostoria and manage the bank here. A graduate of F.H.S. in '46, he attended the reunion at the Cummings' estate on May 20.

A New York boy went to live in Texas. One day in school the teacher asked him to tell about the Alamo.
"That's pie with ice cream on it," he said.

How realistic that painting is! It fairly makes my mouth water.
"A sunset makes your mouth water?"

"Oh, it's a sunset, is it? I thought it was a fried egg!"

There may be such a thing as the "Age of Discretion" but no one has ever lived long enough to reach it.

TO THE EDITOR...

Dear Editor:

The fourth floor students have taken me into their confidence to make a request for a coke machine to be installed on the fourth floor.

The students have found that it takes too much of the fifteen minute rest period between classes to take the escalator down to the third floor to use the coke machine there.

On behalf of my fellow students I am asking that this is looked into immediately.

Awful Thirsty

VETERANS OPEN NEW OFFICE

Bob Florea and Jake Sendelbach, graduates of the class of '46, have set up a tool shop in which they guarantee to repair anything that might be out of order. Both served in the Armed Forces during the war and had to delay graduation a few years. Having had much practical experience, they do a good job of repair work on anything from a clock to an automobile. They guarantee their work to last from one day to one year.

SPEED QUEEN

Olive Beckerleg who took up commercial work after high school graduation is at the present time doing secretarial work in the offices of Smart Fashions, Inc. in Detroit. She is well-known because of the speed at which she can transcribe shorthand notes.

NEW PLANE FLIES

Herbert Hathaway, test pilot, is making the first test of the new super-duper plane designed by Bill Etzinger and Bevon Painter. This new plane has been found to fly rapidly and with comparative safety.

GO TO EUROPE

Jessie Lou Waltermire, artist, and Eleanor Munger, Camp Fire Executive from New York City, will leave for Paris where Miss Waltermire will continue her painting and Miss Munger will work with Camp Fire authorities to help extend Camp Fire work to the children of Europe. They will make the trip on the ocean liner Superfloat on which Wilma Creps operates a modern and exclusive beauty parlor.

NONSENSE

By

I. M. FUNNY

No woman ever does really make a fool of a man; she merely gives him the opportunity to develop his natural capacities.

Three-year-old Dorothy, having lived in Southern California, had never seen snow. "What is it, Mother?" she shouted, pressing her nose against the window pane.

"Why, that's snow, Dottie. Whatever did you think it was?" asked her mother.

"Snow?" Dorothy cried incredulously. "Why, it looks like popped rain."

Walking will reduce your weight, and jaywalking will reduce your years.

"And now, gentlemen," continued the Congressman at his press conference, "I wish to tax your memory."

"Good heavens," muttered the reporter, "has it come to that."

"Your engine is coughing again."

"Shouldn't wonder. I had its muffler off last night."

Wise: What is a pig doing when he is eating?

Otherwise: He is making a hog of himself.

Dude: "Did you take my tooth paste?"

Hillybilly: "No, I didn't take no tooth paste," came the answer. "I don't need no tooth paste, my teeth ain't loose."

Jeanie: "Why did you quit teaching school to join the chorus?"

Queenie: "I figured out there is more money in showing figures to older boys."

Here again is one of those triangles. The idea is not particularly new, but yet it is amazing that despite its staleness and its lack of humor, most everyone will read this all the way down to the very, very end.

NEW ATHLETIC FIELD AND STADIUM

On November 6, 1945, the voters of the city of Fostoria trekked to the polls to pass a \$130,000 school bond issue. Eighty-five thousand of this amount will go to build a new athletic stadium to be located behind the Longfellow school at Sandusky and Town Streets. Of the 2,839 votes cast only 638 voted No, to pass the issue with 77.5 per cent.

In order to keep the athletic department running financially, cooperatively, and successfully, six men devote much time and effort. Everyone has his job from fielding the team, making the schedule, to paying the bills, advising, and keeping good relations.

COACHING

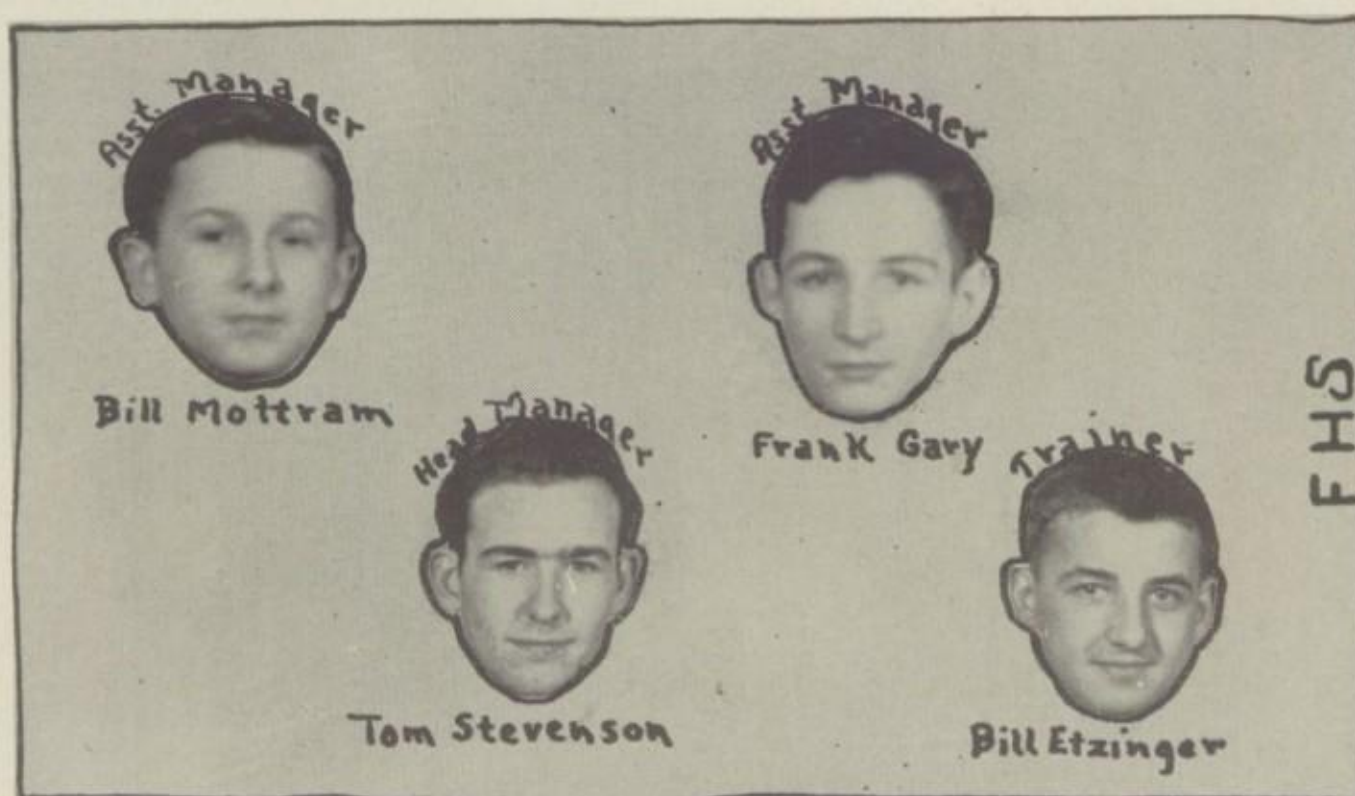

STAFF

When it comes to the game of football, we all pretend to know something about it, even those who play it. Our efforts on the gridiron would be in vain if it weren't for the four men who rack their brains every fall for new ideas and hunt new material to make a winning team. It takes time and effort and above all, patience.

The game couldn't go on if it weren't for the managers. It's getting the suits out, packing and unpacking, checking to see that everything is fit and ready week in—week out. These four boys consist of the trainer, the doc, the water boy and Mr. Fixit.

With only five seniors out for football and a great deal of young and inexperienced material on hand, Coach Bender attempted to field a winning team.

After routing St. Wendelin in the grid opener, the Redmen traveled to Lima and lost to South. The biggest crowd that Lima had had for some time turned out to see Fostoria lose a thriller.

The third game was against unbeaten Port Clinton. The Redskins scored early in the first half, and then the high heavens opened up and really soaked things. The players were all saying, "Here's mud in your eye," and it really was.

The officials gave Fremont an undeserved win, but we still had heads high going to Tiffin. Hill was scratched for the rest of the season by a head injury, and Might was hurt on the fourth play, putting him out until the last game.

With the grid final against Findlay, Bender sent his injury-riddled kids against a veteran team. They played their very best, and statistically beat the Trojans, but old Lady Luck gave Findlay the winning break.

Hitting an off night, the Fostoria high Redmen came out on the short end of a 31-24 score against Columbus Central high school in Columbus Friday night.

There's quite a number of reasons for the Redmen's first loss of the season. It took three hours for the team to make the tiresome trip, which alone was enough, but more than anything else the boys were even though there was a crowd present.

Buckeye League Tilt

Trailing the entire game, Fostoria high's Redmen lost their first Buckeye League game to Bowling Green last night in the Wood county floorball club, but instead of the Bobcats' excellent rebounding, superior height proved to be the Redmen's undoing.

Starting out in the first quarter of the season, the Redmen thought they might come through the ball club, but instead of leading each game, they seemed to be going the other way. May they had a hot night in the first, but they are certainly capable of playing better basketball than they displayed last night.

REDMEN HAD PLENTY OF SHOTS

They had plenty of shots against Bowling Green, only they weren't getting them through the net. The Bobcats have a definite advantage in rebounding, but this still shouldn't have made a twelve point difference in the score.

Don Lee, six foot two center, and Gene Harms, forward, led the Bobcat scoring with eleven and ten points respectively. All

points were scored very close to the basket on either a rebound or a good pass.

As the Redmen of fans streaked from the gym last night, wondering just what they had won over St. Wendelin, but so many fouls had been called, and the time taken to shoot them longer than the game itself, that the spectators were somewhat skeptical as to which was the better team.

As far as shooting from the field, each team had 53 shots. The Redmen connected on thirteen while the Saints scored eleven. The charity line was where the Mohawks beat themselves by missing eleven of 34, and Fostoria high in on eighteen of twenty.

One from Mansfield from Toledo, and of the greatly anticipated game between the two teams were all set for a battle. The result was a heated one of the most exciting games that has been played on the FHS floor for some time. In a few instances it was as though they were over on tooting the whistle, but personal fouls were evenly divided with 23 against Fostoria on St. Wendelin, plus a foul for each.

BUILDING FOR FOSTORIA

By
My interest in future Fostoria athletes grew when I heard so many questions being asked by Fostoria fans such as, "What kind of a team will Fostoria High have next year?" "Who will take the place of the first team man graduated and many others. However, the article was "Why doesn't Fostoria start them young so there is always a nucleus around which to build?" Fans and parents alike are interested to know a very good program is, and has been, in making for the past two years would have been but for the war. these years was too small to carry on the program; and with the

The game was marked by the
excellent all-around play of the

as they scooped the ball off both

TRACK TEAM

A new sport, at least to the athletes of Fostoria High, was added to the sports list last spring. Since spring football was abandoned by the state, our athletic directors thought it wise to introduce track to help build for football.

Mr. O'Neill was chosen head track coach, and eighteen boys formed his team. The boys were new at the game and most of the season was spent in learning the fundamentals of track.

Coach O'Neill attempted to enter someone in every event, but due to the number of participants, there weren't enough points won to capture a meet. However, the boys went all out on the last one to whip Tiffin for their first win.

The events which the cinderpath boys entered were the high hurdles, 100 and 440 yard dash, mile run, 880 yard relay, low hurdles, 880 yard run, 220 yard dash, discus toss, shot put, mile relay, and broad jump.

This spring a few more boys are expected to turn out and with last season's experience, the track team should be off to a successful start on the cinderpath.

BAND

Tweet tweet, toot toot, bim, biff, bang, boom, CRASH! When you hear these noises every Monday, Wednesday, and Friday morning, it isn't the school falling apart; it's just band practice.

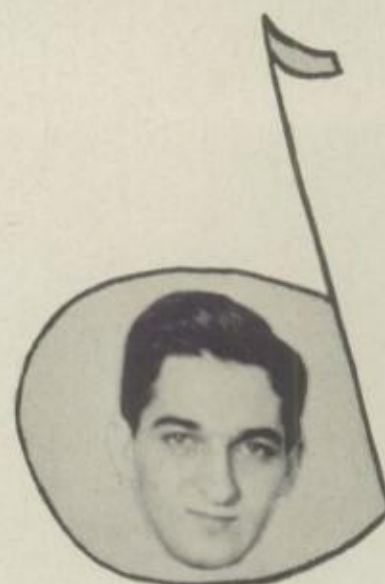

The band room is usually a very cheery and pleasant place. Of course, when the director loses his temper and starts banging heads together—but what are we saying? It's a well known fact that band directors never lose their tempers.

This past year the members of the band worked together to complete a very successful season. It was a good marching band, gave concerts, and played everything from jazz to the classics.

They went out in the cold mornings of the football season to practice formations and marched at the games in all kinds of weather with no thought of quitting.

The pep band, too, has done a splendid job furnishing the music for basketball games.

Here's to the personnel of the bands and the director. Good luck in the years to come.

DIRECTOR

ORCHESTRA

Turn on the lights! Sit down, everybody! Quiet! What was that? Only a violin string? Assured that no one was dead, the director and students settled back to begin again with "Dramatic Overture." Yes, there they are, far off in the corner of this huge building, behind closed doors, peering through velvet-draped windows. Students and instruments of all shapes and sizes are going through the motions of making sweet music.

Throughout the year on Tuesdays and Thursdays, through the halls, float the strains of music—interrupted now and then by a squeak or a snap of a string. During the long weeks of practice the music is shaped into something really beautiful. Struggling along with the students is their director, who, about the time for the concert, has torn out his hair and chewed his finger nails down to the quick. But, when the concerts are over and the satisfied audience has left the auditorium, he sighs with relief knowing that all went well.

"Come back here—where do you think you're going?" The student smiles and replies, he is excused five minutes early for pit. Pit? Oh, yes, that part of the orchestra which furnishes music for assemblies.

DRUM MAJOR AND MAJORETTES

Three drum majorettes and a drum major gave up much of their time and put forth great efforts to lead the band to a successful season.

The drum major was a senior boy who has been in band ever since he entered junior high. For five years he blew a trombone, and then moved into the path which his brother made.

The three girls are eighth graders, who, though just beginners, gave a fine performance during the football season. If these twirlers stick it out their remaining four years and make as much progress as they did during the grid season, FHS is in store for some baton experts.

CHOIR

From the first gentle downbeat, to the roaring climax; from a sarcastic, "Be quiet," to a sinister "Shut-up"; it's Mr. Middleton and his worn-out choir.

We say worn-out because they are just recuperating from their encounter with "Carmelita" which, by the way, was a success. It took much hard work and many Monday nights to produce the perfection exhibited by both the cast and the chorus.

The choir's first semester activities consisted of musical selections wound around Santa and his holiday antics. Among these were "The Sleigh" and "The First Noel." Our music lovers also mastered a negro spiritual, "The Ole Ark's A'Moverin'," and a peaceful hymn "None Other Lamb."

As the year grows rapidly to a close, the choir turns again to one of their old-faithfuls "The Battle Hymn of the Republic" and for a lot of singing pleasure, to "Old Susanna."

The choir has made a striking appearance in new robes this year. They have performed ably at both school and community functions.

"O. K.—get quiet—let's go! The voice of Mr. Middleton rings out over the heads of the chorus as members put away English, biology, and history books to settle down to work.

"Cielito Lindo," "Bendemeer's Dream," "Mariannina" are public favorites. Much fun and satisfaction are derived from working on that kind of music.

After a few measures of "This Is My Country" or "The Star Spangled Banner," a genuine thrill comes from hearing such music.

The chorus takes part in the spring concert. Audiences are assured that a dull moment doesn't arise when this group of students appears.

This year the choir, under the direction of Mr. Middleton, presented **Carmelita**, a gay Spanish musical, February 21. The action is based mainly upon the romance of Carmelita Valverde. The arrogant Don Pablo is the unwanted fiance, who has the approval of the family, but the handsome American stranger is the choice of the beautiful Carmelita. As one little girl in the audience remarked, "They didn't stay strangers long."

The personnel for the performance was supplied by the choir. The pit orchestra provided the instrumental background.

For the first time in several years the Annual is being published during peace time. However, peace hasn't put an end to one of the outstanding activities of the Senior Class, that of selling Savings Stamps and Bonds. In the halls of our school on every Tuesday, members of the Senior Class try to interest students in a worthy cause. The Stamp and Bond committee is composed of a business staff, and a group of students who have been assigned homerooms in which to boost the sales. During the War there was a need for funds for the actual waging of the War. Now, when peace has been made, the students of Fostoria High realize that, even though a battle has been fought, it has not been paid for. It is up to them as a part of a great nation to continue saving by buying Bonds and Stamps.

"This memorial dedicated by Fostoria High School Class of Nineteen Forty-Five to honor those valiant men and women who gave themselves in service and sacrifice for God and country in memoriam" is the inscription on the bronze plaque on the second floor.

The names of twenty-three boys, who gave their lives in the service, appear on this plaque. We pay homage to those valiant dead.

Many more fortunate boys have returned and are endeavoring to further their education. The class of nineteen hundred and forty-six is proud and privileged to have a number of ex-servicemen receive their high-school diplomas at the graduation exercises.

Who are those people going around pulling their hair about February? Annual Staff? How did you guess? From the editor, that tough looking person, who beats a path to your desk asking, "Is this done? Well, it better be!" to the committee member who feels he has been shoved around a wee bit too much and can't quite decide what to do about it, there had been a constant strain wondering whether we were going to meet

that final deadline. Anyone poking his nose into the journal room during the hectic days of the annual's preparation would probably have seen a mess—paper here, a coke bottle there—and somebody must have forgotten her shoe 'cause there's one without an owner. Well, those days are over and here is our yearbook. We present this, our annual, to you with our deepest sympathy—and some pride.

"Journal out Friday!" That's been a very familiar announcement to all the kids at F. H. S. all year. It's something we've looked forward to each month, for we knew it would be packed full of everything from fashions, sports, and assemblies to juicy gossip.

Quite frequently it was tough to make ends meet but, with the cooperation of the entire Journal staff, the Journal managed to pull through.

This year, the **Red and Black Journal** was

bigger and better than ever. An unusually large staff supplied plenty of material, with even some to spare. Several new features were introduced and most of the old ones were brought back.

So, as all good things must come to an end so must the Journal for this year. How can we live without it all summer? But look for it next fall. It will be back with new ideas and will be waiting for you, and you, and especially YOU!

Mr. Charles Zumpft

Our book would not be complete unless we included two teachers who are seen only a few times a week around the building, but whose influence is greatly felt.

Mr. Charles Zumpft, a graduate of Bowling Green State University, comes to the high school from Lowell three times a week in order to teach a photography class. Mr. Zumpft has done a noteworthy job on the pictures for this year's annual. The staff is appreciative of the time he spent and the efforts he has put forth to make these pictures.

Mr. Mark Osbun

Another teacher, a man who's everywhere, is Mr. Mark Osbun. He instructs some division of music in Fremont, Lorain and Woodville along with Fostoria. He sees that our brass instruments are kept polished, and the sounds not so flat. The success of the brass quartet is mainly attributed to Mr. Osbun's efforts.

A new sport, bowling, has taken its place in our school. Last fall under the direction of the two physical education instructors, some of the senior high students organized themselves into teams. Every Wednesday evening without fail you were sure to find these people at a local bowling alley trying to raise their averages. Everyone surely had a super-swell time and it looks as though bowling has really found a place for itself among the sports of Fostoria High.

CUSTODIANS

Bert Hanley, janitor; Troy Rangel, janitor; Charles Harris, fireman;
Harold Switzer, janitor. Mrs. Wilda Upthegrove (absent).

Students, there are several persons who make up our staff of custodians, seen around this building. They are an integral part of our school life. Who is it that cleans up after our basketball games and after the many school dances? Who is it that looks after the school building over the weekend so that it is ready for you to come back to on Monday morning? One lady, Mrs. Wilda Upthegrove, is always seen hustling around the upper floors early in the morning. Thanks to the keepers of the building for a job well done.

ALL-SCHOOL PLAY

STANDING: Roger Marietta, David Hollenbaugh, Richard Lenhart, Jackie Houser, Jim Richards, Jack Brubaker

A thrilling mystery captivated the student body in attendance at the play, "Double Doors," enacted December 7, 1945. It was a modern mystery, written by Elizabeth McFadden, concerning the exceedingly wealthy and eccentric Van Bret family. Victoria Van Bret tried to break up the marriage of her

brother Rip, to Ann Darrow, his former nurse, so that Victoria may have the pearl necklace, a family heirloom. Rip had given it to Ann as a wedding present. Victoria's vicious schemes for the recovery of the pearls provided the chills and thrills of the dramatic production. Congratulations, cast!

JUNIOR CLASS PLAY

"MR. PIM PASSES BY"

The Junior class presented for their class play on March 22, the three-act comedy, "Mr. Pim Passes By" by A. A. Milne.

Mr. Pim caused general confusion in the Marden household by the mention of a name that seemed to be that of Mrs. Marden's first husband, whom she believed was dead.

Therefore, Mrs. Marden had been living illegally with her present husband.

As the plot unfolds, it is found that Mr. Pim, the rattle-brained English gentleman, had mixed names. The romantic interest was supplied by Dinah, the flirt, and Brian, the care-free artist. As the curtain falls, Mr. Pim is still trying to rectify his mistake.

"Comin' 'Round the Mountain"

The Judkin's Cabin in a remote section of the Ozark Mountains furnished the setting for the Senior contest play, "Comin' 'Round the Mountain." Daisy and Zeke were two screamingly funny characters. The scene in which one of Zeke's friends stands behind a sofa and blows a horn in Daisy's ear to keep her awake while Zeke proposes will long be remembered. It was typical hillbilly entertainment with a plot filled with real suspense. The furniture was all roughly made—kegs and soap boxes. The parts were well done by the members of the cast.

This play takes place in a large hotel. All the characters gather in the hall outside the bathroom to wait for the suppose-to-be occupant. Everyone suspects the prima donna's husband to be the detainer. As they had had an argument, she thought he would surely take his life and the bathroom would be the proper place in which to do that. Finally the scrubwoman solves the mystery by proving that the door was only stuck and the bathroom was empty. The cast gave a delightful performance of the comedy.

"Suitable for Charity"

Psychologists tell us that fear of losing one's clothes is instinctive. If there's anything designed to strike terror to the heart, it's the prospect of being deprived of corporeal covering, as in the Sophomore contest play, "Suitable for Charity." Ralph, Claire's fiance, while visiting her, sent his suit to be pressed. Of course, the suspense is heightened no end by Ralph's being barricaded in his best girl's guest room while waiting for his suit. It would have been worth losing a suit of clothes if Mrs. Greenway had learned her lesson. But she didn't. The cast performed admirably all the roles.

This play is about Bobby Sox, a fourteen year old girl, who is not satisfied with the boys of her own age. No Siree! She likes them older and more like Norton Brown who happens to be her older sister Margie's special boy friend. This is where the trouble begins, but it comes to a climax when Margie has Norton come to spend the evening before he leaves for military school. Margie thinks she is going to have Norton all to herself! But Bobby Sox decides to entertain him too! So—she invites three Romeos to spend the evening with Margie! When they arrive, the fun begins. It was a play full of chuckles for young and old, and well portrayed by the cast.
